2019 Alberta Approved Farmers' Market

olds
FARMER'S MARKET

May 30 – September 26, 2019

Big Rack Cow Palace

5116 – 54 Street

Olds, AB

What is an Alberta Approved Farmers' Market?

The Alberta Approved Farmers' Market Program is an Alberta Agriculture and Rural Development (ARD) program. The Local Market Expansion Branch of ARD administers the program on behalf of the Minister. The Program creates an operational framework that facilitates direct market access for community-based entrepreneurs who make, bake, or grow the products they sell. Basic operating guidelines, provincial program-awareness initiatives, and the education of vendors, managers and consumers are the key components of this community-based program.

Over 125 Alberta approved farmers' markets are serving up some of the most nutritious, fresh, Alberta made products available. Along most highways in Alberta you can see the Sunnygirl logo announcing the existence of an approved farmers' market nearby.

Following the "Make It, Bake It, Grow It" philosophy, Alberta approved farmers' markets provide a direct contact for consumers to producers. Consumers can talk to the person that grew the carrots, raised the chicken, baked the bread, produced the jam, or knit the sweater. Each approved farmers' market in Alberta is independently operated and therefore reflects the culture of the community.

Farmers' markets are the #1 ag tourism attraction in Alberta. Farmers' markets provide a great shopping experience where consumers can "savour time rather than save time". They are a chance to shop in a relaxed, fun atmosphere while receiving the highest quality products. With average spending per visit to a farmers' market at \$55 and the total estimated market value of farmers' markets equaling \$724 million in 2012, the future for farmers' markets in Alberta is very bright.
